# 2025 4th International Conference on Materials Engineering and Functional Materials

# February 21-23, 2025 | Da Nang, Vietnam

### Introduction

2025 4th International Conference on Materials Engineering and Functional Materials will be held once again in Vietnam in the city of Da Nang during February 21-23, 2025.

ICMFM is organized by Duy Tân University. It also aims to provide a platform for the authors to communicate with each other, to address news challenges and methods in the related filed and propose special issues for hot topics.

Submissions will be peer reviewed by conference program committees and international reviewers, accepted and presented papers of ICMFM 2025 will be included into Springer Proceedings in Materials, which will be submitted to EI Compendex, SCOPUS and SCImago databases for abstracting and indexing.

## Important Date

January 05, 2025 **Submission Deadline: Acceptance Notification Date:** January 20, 2025 **Camera-Paper Submission:** January 31, 2025 January 31, 2025 Registration Deadline: February 21-23, 2025 **Conference Dates:** 

#### **Contact**

Conference Secretary: Vera Liao

Tel: +86-17311381986

E-mail: icmfm@chairmen.org

(Working Hour: GMT 10:00am-5:00pm)

## Organized by

## Keynote Speakers

Prof. Dr. Nguyen Quang Liem Institute **Materials** Sciences, **Vietnam** Academy of Science and Technology, Hanoi, **Vietnam** 

Prof. Dr. Ildoo Chung Pusan National University, Busan, Korea

**Prof. Hirohito Yamada** Tohoku University, Japan

**Prof. Dimitrios Karamanis** University of Patras, Greece

## Invited Speakers

Assoc. Prof. Dr. Seung-Kyun Kang Seoul National University, Korea

Assist. Prof. Dr. Jong-hyoung Kim **Pukyong National University, Korea** 

#### **Submission**

Online submission system https://confsys.iconf.org/submission/icmfm2025

## Registration

To successfully register as delegate: https://confsys.iconf.org/register/icmfm2025

## Call for Paper

The conference is soliciting state-of-the-art research papers in the following areas of interest:

• Materials Science and Engineering

Metallic Alloys, Tool Materials, Superplastic Materials

 Materials Properties, Measuring Methods and **Applications** 

Ductility, Crack Resistance, Fatigue, Creep-resistance

 Nanotechnology and smart materials Nanomaterial synthesis, characterization and metrology

## **Committee**

#### **Honorary Chair**

Tran Nhat Tan, Vice Provost of Duy Tan University, Da Nang, Vietnam

#### **General Chair**

Nguyen Quang Liem, Professor, Institute Materials Sciences, Vietnam Academy of Science and Technology, Hanoi, Vietnam

#### **Conference Co-Chairs**

Vu Dinh Tuan, VNU-University of science, Hanoi, Vietnam Zoltán Pásztory, University of Sopron, Hungary Marco Abbiati, Science and Technology Counsellor **Embassy of Italy to Vietnam** 

#### **Program Chairs**

Dao Anh Quang, Vice Dean of Faculty of Environment and Natural Sciences, Duy Tan University, Da Nang, **Vietnam** 

Arunachalam Rajendran, Professor, Department of Mechanical Engineering, University of Mississippi, USA Maya Kiskinova, Senior Scientist, Elettra Research Project Coordinator, Elettra-Sincrotrone Trieste, Italy Ildoo Chung, Professor, Pusan National University, Korea
